

# Pandas Lecture: Homework

January 21, 2019

1. Read the following notebook: <https://notes.quantecon.org/submission/5b3a617bb9eab00015b89f8c>.
2. Write one paragraph discussing whether you agree or disagree with the analysis.
3. Propose an example of a dataset where this type of analysis could be applied in China. Explain why you think it is a good example.
